

1. Fold the paper back along the blue lines. Then fold the paper in the opposite direction along the red lines.
2. Create a triangular shape from the center by folding the paper back and forth along the folds you just made. (Figure A)

3. Carefully cut along the black dotted lines only.
4. Unfold to reveal your snowflake. (Figure B)
5. Now that you have the hang of things, cut new shapes to create your own unique designs.

Now that you have the hang of things, draw and cut new shapes on this blank template to create your own unique designs.
